Boot Camp | Program Overview

At HNC, we believe empowered community leaders are the most effective and profound force for shaping a more just, equitable, and humane society.

Our work is focused on creating a pathway for community driven leaders to deepen and grow their impact.

What could Boot Camp do for me?

When nonprofit leaders are looking to take their organizations to the next level, they attend conferences, hire consultants, and go to networking events to try to pull in the wisdom, resources, and deepened skills sets needed to get themselves there. What we've heard from leaders is - after all that - nothing really produces the results they're looking for.

We've built something different.

How does Boot Camp work?

Today	1-2 Weeks	3-4 Weeks	1 Week	8 Weeks	Moving Forward!
<p>Getting to know each other</p> <p>To get started, just click the pink button below to fill out a quick form and set up a time for us to chat.</p> <p>We'll answer any questions you have and share a little more about the Boot Camp experience. We really like to support people we feel aligned with, but we also want to make sure that working with HNC will be valuable to you.</p>	<p>Finding a fit</p> <p>Next, you'll complete an interest form that will give us a bit more insight into who you are as a leader and the challenges your organization is facing.</p> <p>We know how valuable your time and money are, and we don't want to waste either! We'll be clear if we think Boot Camp is actually what you're looking for. If not, we'll do our best to send you to the right place.</p>	<p>Understanding Needs & Goals</p> <p>We'll spend some time working with you to understand your strengths as a leader, your organization's specific needs, and what you're really hoping to accomplish through Boot Camp.</p> <p>We'll help you get clear on what goals you want to reach within the next 3 months and we'll start tailoring the Boot Camp experience to make sure you get there.</p>	<p>Deep Dive Week!</p> <p>The core of the Boot Camp experience is a 1-week mountain retreat with a small group of other leaders.</p> <p>We'll pack our time with collaborative working sessions, reflective dinners, and a little fun (past leaders will tell you they'd come again just for the food). By the end of the week, you'll have a host of personalized systems and tools that you'll be using before you even get home.</p>	<p>Future-Proofing</p> <p>The last phase of Boot Camp consists of two months of highly targeted coaching to work through challenges as you encounter them.</p> <p>During this stage, you'll be taking all the work you did during Deep Dive Week and making it happen in the real world. We'll help make sure all the work we've done gets off the ground and remains valuable far into the future.</p>	<p>Ongoing Support</p> <p>Even after Boot Camp is officially over, you're still part of the HNC family.</p> <p>This means you can call on us anytime for anything from advice before a funder meeting to celebrating a big milestone. We've all been part of networks where the connections fade over time. We're not perfect, but we're working on building a better way.</p>

What does Boot Camp cost?

There are a lot of supports out there that don't lead to real results. But the right combination of training, coaching and consulting to help you *actually* reach your goals can easily cost upwards of \$100k! We created Boot Camp because we don't believe you should have to shell out 6-figures for the kind of organizational results you want. Boot Camp gives leaders access to the same value for \$25k or less - **but don't let cost get in the way of reaching out**

Making quality experiences equitable and accessible is why we do this work and we have several ways to make Boot Camp more affordable for you depending on your organization's budget and other factors.
